Hello.

Welcome to the Assurant Health family!

Thanks for choosing our family to help take care of you and yours. We'll be there each step of the way to make sure your plan works for you, on your terms.

Your coverage begins [Policy effective date], and you can start using your health plan that day. You should have received your medical ID cards in your Quick Start guide, but duplicates are included in the Plan Information section of this booklet. Below is a summary of what you've selected:

Assurant Health AccessSM — [plan type]

With this plan, you won't have to pay a deductible. You pay a monthly premium, and we help cover eligible services by paying set amounts to you or your doctor.

Useful features of your plan

- Get help comparing price and quality data or working through health care issues from Patient Care
- Find *guaranteed** costs of common services and treatments in your area with Assurant® Price Check
- Negotiate medical bills with the help of Health Payment Advocates
- Save on prescriptions and lab work

We want you to feel that this plan meets your health care needs. Please review the information we've included in this packet and contact us with any questions or concerns.

If you purchased multiple policies, your other policy documents will arrive separately.

Welcome again to our family, and thank you for choosing Assurant Health to be a part of yours.

WHAT TO DO

- Review the copy of your application and call us if any information is incorrect.
- Review your policy and store it in a safe place.
- Sign and return the enclosed forms.
- View your plan [and sign up to go paperless] at members.assuranthealth.com
