Make the most of your plan's benefits

Your plan guide, *Get More for Your Money with Assurant Health AccessSM*, will arrive shortly. The guide contains information to help you save money and make the most of your plan's benefits right away. Look for instructions and tips like these:

- **Save on health care provider charges, lab fees and prescriptions** through your plan's network
- Save up front by asking Patient Care to recommend **lower cost doctors and facilities** and later by asking Health Payment Advocates for **help negotiating medical bills**
- Health Advocates Alliance - an organization promoting good health with a nurse line, member newsletter and even discounts on things like eyeglasses and computers.
- Save on vision and chiropractic care, alternative medicine and vitamins with your plan's **discount card**, mailed separately

10-day right to examine

We want you to be happy with your plan, so we offer you a 10-day right to examine. If you're not satisfied during this period, we'll return your premium.

Learn More

Your Assurant Health plan is a fixed-indemnity plan that will help you pay for everyday health expenses and more serious needs like hospital charges. However, unlike a traditional major medical insurance plan, your Assurant Health Access plan provides limited benefits, paying a set cash amount when you receive a particular service, regardless of what your provider charges you. If you need more information, please call us at 1-800-392-0240 and have your policy number available.

Thank you for choosing Assurant Health - we look forward to helping you make the most of your plan!

Sincerely,

Assurant Health
